NEGATIVE RETURNS Please tick your chosen option:

You can dispose of my negatives once you've sent me my scans	<input type="checkbox"/>
Please save my negatives To reduce postage costs for you we will cut, sleeve & archive your negatives, and return them in batches	<input type="checkbox"/>

*For X-pan/panoramic format we charge a small supplement – please see website. As standard, we scan 35mm half frame film (e.g. Pentax 17) as diptychs (pairs), but we can scan half frames individually for a supplement of x1.7 per roll.

** We will push up to three stops & pull up to one in accordance with your instructions, but please check the manufacturer's recommendations. Push processing increases contrast & grain.
