Desc:

Please fill out all the fields clearly, print, and send it in with your order. We're excited to receive your film!
If your email address/ mailing address are unchanged from previous orders, you don't need to complete these fields

Name:

Full Mailing Address:

Email Address^:

Notes:

Do you have a CFL-Pro? For details please see website

YOUR ORDER:

Number of rolls	Film type (35mm* / 120 / 220) *Please specify if Xpan/Panoramic 35mm	Scan size (S/M/L)	Film stock e.g. TMAX 400	Push/Pull? Please state number of stops - see below* Use + for push/ - for pull

* For most film stocks we can push up to 3 or 4 stops & pull up to 1 though this may vary. We will push or pull in accordance with your instructions but please check the manufacturer's recommendations regarding push/pull processing for the film stock. Push processing increases contrast & grain.

NEGATIVE RETURNS - Please tick your chosen option:

You can dispose of my negatives once I've received my scans safely

Please save my negatives (To reduce postage costs for you we will cut, sleeve & archive your negatives for a time, then send you an invoice for their return in batches. We will tend to process negative returns at quieter times of the year, and our ability to return negatives 'on demand' will depend on workload in the lab. If you need your negatives back urgently please drop us a line before sending in your order).

PRICING - For pricing information please visit <http://canadianfilmlab.com/pricing>

SCAN SIZE - Our approximate scan sizes (shortest edge) are: Small: 2433 pixels. Medium: 3047 px. Large: 3649 px.

Please visit <http://canadianfilmlab.com/canadian-film-lab-order-form> for detailed packing and shipping guidance.

Our mailing address for your order is: 65578 Gordon Drive, Hope, BC, Canada, V0X 1L1

If you are sending film from outside Canada please visit <http://canadianfilmlab.com/international-shipping/> for details of our international shipping options. For UK clients sending orders of 10 rolls or less you may wish to our 'film forwarding' service, by sending your film to Jackie Ward, Unit 1 Penmore Business Centre, Penmore House, Hasland Rd, Chesterfield, S41 0SJ, UK. For full details please visit <http://canadianfilmlab.com/canadian-film-lab-order-form>

When we receive your film we will email an acknowledgement and online invoice to you, which will include the date by which you can expect your scans. When ready, we will email you a link to download your scans.

^We will use this email address to add you to our newsletter mailing list and to send you occasional important updates about our services. We promise we won't spam you, but let us know if you prefer not to be included.
